FLOWERS and INDUSTRY

Let's forget politics for awhile, others will remember for us on the front pages and headlines. We would like to enjoy springtime. We like to hear the singing birds (have you forgotten we didn't hear them for 7 months?). We like to smell the fresh cut grass all over our town. And it is good to see so many Mom's and Dad's trying to make their garden, lawn and house the best looking in town. It is good to have springtime again. It is the time of year that makes everyone want to create new things with great energy.

One interesting activity in our town you will find in that little greenhouse on Ball Avenue, where you can buy real St. Albert bedding plants for prices much lower than elsewhere. The plants were grown right here in St. Albert, under the loving care of Mr. Herman Von Busse. Thank you, Mr. Von Busse, we hope to soon see your plants blooming by the thousands all over St. Albert. Your activity is helping to bring more interest in business activities in our town.

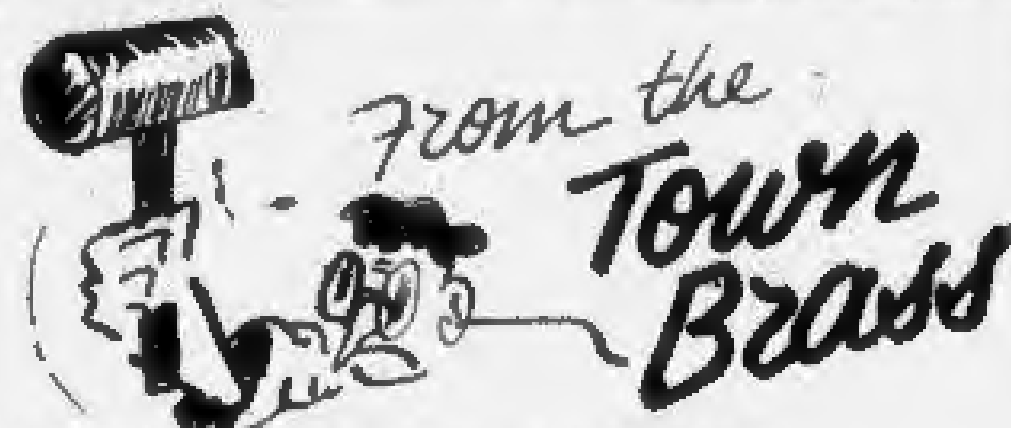

Our advice to our citizens: the more flowers, the more happiness, therefore, meet Herman on Ball Avenue, and he will tell you all about it.

Two other gentlemen, citizens of our town, Mr. Guy Voyer and Mr. Maurice Belley, have really surprised us and many others with their springtime energy. These gentlemen have designed and created your dream camping trailer, which they produce completely in their St. Albert workshops. This is a St. Albert industrial contribution to bring more pleasure for the whole family during the summer holidays. We saw this trailer this morning on Highway #2, between D & A Service Station and Veness' Garage, and it is a St. Albert product of which we can be really proud. Price and quality are competitive with the best makes from all over Canada. A production of one trailer per day is planned for this year. Guy Voyer and Maurice Belley, both members of St. Albert Chamber of Commerce, have proven with a deed, that industrial development can be done, even in a town such as St. Albert, if goodwill and co-operation are the foundation.

CIVIC HOLIDAY

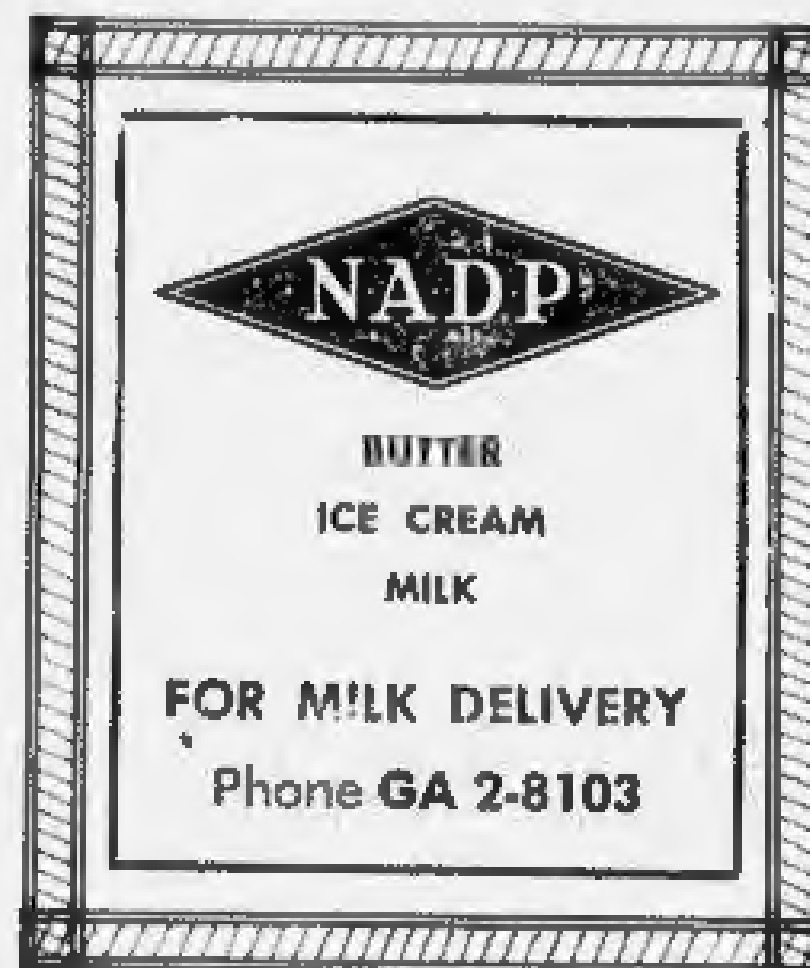

Last year's Civic Holiday which was sponsored by the St. Albert & District Chamber of Commerce, was a great success. The parade was a pleasant surprise for thousands of visitors from Edmonton. This year, the Chamber of Commerce will again have a parade on the Civic Holiday. We have heard that Sturgeon Heights and Mission Park districts are planning to have their own floats in this parade.

We would like to see all the other districts in our town, and also Sturgeon County, Morinville, etc participate in this coming parade, which we hope will bring many many visitors to our town again.

STATEMENT BY COUNCIL RECORDING DEVELOPMENT

During the past 3 months the financial position of the Town of St. Albert has undergone exhaustive study by Council and the Provincial Government. Deficit financing as undertaken by the former Board of Administrators has resulted in Council being unable to meet accrued debts of the town as the Department of Municipal Affairs has advised that this method of finance is illegal under the Town and Village Act. The poor financial position to pay such debts which existed at the end of 1961 has been carried over into 1962 and was further aggravated by an anticipated surplus of some \$200,000. in the 1962 budget which failed to materialize. This 1962 budget was established by the Board of Administrators and not by the present Council.

The Provincial Government has recommended that Council obtain a debenture of \$850,000. to meet these debts. \$350,000. of this debenture would be of a general benefit nature and \$500,000. would be for local improvements on town owned land. We have been advised by the Provincial Government that the only way in which the Town can obtain the \$350,000. portion legally is for the Council to seek relief under Section 78 of the Local Authorities Board Act. This Board, after due enquiry, has wide power of discretion in regard to retirement and consolidation of debts. One result of such action by Council will be to place the Local Authorities Board in control of the budgets and mill rates of the town until the Board is satisfied that a sound financial equilibrium has been attained. It will be necessary, therefore, for Council to resolve these financial matters which have plagued the Town for a considerable time by authorizing an application to the Provincial Government under the Local Authorities Board Act.

This appears to be a very much most urgently needed and will be attended to first. Consideration is also being given to the appointment of a permanent full-time director at a later date.

The new Recreational Director is a well qualified and highly recommended young man. He is a recent graduate in Physical Education of the University of Alberta and has already had a great deal of experience in the field of recreation. He has proven to be well liked by those he has led, especially the young people. Mr. Kay is an Edmonton product. He took his high school work in Victoria Composite High School. While at Vic. he had the unique distinction of being on two different provincial championship teams in one year, both football and basketball. While at Varsity, he qualified in the senior volleyball team.

Recreation Director

In the field of Leadership, he has gone through the Y.M.C.A. leadership ranks in 6 years, from Junior Leader to Intermediate and finally, Senior Leader. He has worked for the City of Edmonton Recreation Department on part time basis for three years, visiting various Community Leagues to teach a variety of gymnasium activities to boys in the age group 6-12 years. In the fall of 1961 and then again in 1962, he was backfield coach for Victoria Composite football team. While at Varsity he officiated in University intermural volleyball and basketball. This fall he intends to enrol at the University to work towards another degree, that of Bachelor of Education.

The Recreation Board feels that the people of this town have been most fortunate in acquiring a young man of such qualities. It is hoped that all parties concerned with recreation for our young people will give Mr. Kay every help in his work this summer. He will depend on the help of such bodies as the Community League, School Boards, Y.M.C.A., service clubs, churches and all groups and individuals interested in the welfare of the youngsters. The Recreation Board and the Town Council will certainly give him wholehearted support.

The Party Line

An offering for those who enjoyed last week's ditty:

'Count our blessings' or
'T'was the King in the castle'

Our town hall's a thing of beauty,
And the Mounties do their duty,
We can shop from nine to nine
And our climate is divine?

We have doctors and a dentist,
For our homes CMHC lent us
We have streets that many envy
So, we can't complain, now can we?

We've a history to be proud of,
And mosquitoes we've a crowd of,
It is also worth the knowing
That our P.O. building's growing.

Now we have no liquor board,
We've an inn that's much adored,
For the moment, we've low taxes
And a golf course to relax us.

We've a library and we're not late,
There just isn't much we ain't got.
To end this biased rhyme,
Dear St. Albert, you're sublime.

UNITED CHURCH

At the morning service on May 26th, the Cross that has been installed in front of the chancel window of the sanctuary was dedicated by Rev. Dr. Schwartz to the glory of God and in memory of Mrs. Mary Agnes Holroyd Murray (born 13 July, 1861 in Glasgow, Dumfriesshire, District of Renfrewshire, Ireland) passed to final rest on March 8, 1939, in Selville, Saskatchewan. The Cross was built by Mr. Douglas Barron, who built the rest of the Chapel. Mr. Barron has continued to use the original styling and type of materials in the various additions that he has constructed or added to the temple. The sermon considered the development of the concept of "offering or sacrifice" through the Old and New Testaments, through the history of the Church to present and closed with a challenge to the congregation to avoid the contemporary errors. Dr. Schwartz pointed out that early sacrifice emphasized the necessity of using products of the flock, this was broadened by Gideon to include products of both field and flock. Later, Micah called upon Israel to turn from vain reliance upon sacrifice and to be the kind of people desired by God, people of justice, mercy and humility. Jesus, speaking to a scribe, suggested that the scribe understood this, he was not far from the Kingdom of God. Paul in the Epistle to the Romans, called upon men to offer their whole lives as a sacrifice to God. Dr. Schwartz concluded with the points that, 1. the nature of the "offering or sacrifice" is of less importance in comparison to the need of a life dedicated to God, therefore, all of service in the home, business, factory or pulpit are of equal value. God is loved for His glory, and in this because of effect as soon as the "converted" turned from a life lived for self to a life lived for God.

Film, Sunday June 2nd 3 - 4 p.m.
How Berlin In a series of lovely impres-
 sions, the film describes a section of
 London's East End as seen through the
 eyes of a Londoner. The film has an im-
 mensity. The story is told on the walls
 and through scenes that were made pos-
 sible at the magic hands of the early days
 of the century and are still very dear
 to the hearts of Londoners.

The First Series The images of the 1930s
imagined parts - lower, narrower, more
like Tommy and Clyde - like the two
characters and the camera reflects the
mood and character of these pictures;
the same.

Document Title: The setting of the
of the Japanese countryside. The reader
explores the beauty and peace of Chinese
land and arrived at the estate in
Spring.

First prize at the Biennale Internationale
Musique de Festival, 1960.

• The sample must come to our party line. It equidistant to the same without any—only with it. Same would change the results.

— It can't be a No. 1, unless a number
be put above.
